KROGER NEIGHBORHOOD REWARDS PROGRAM

Wapakoneta City Schools is now participating in the Kroger Neighborhood Rewards Program.

This program rewards Wapakoneta City Schools with 4% for every dollar loaded onto the Neighborhood Rewards Card. Money generated from this will be used for operating expenses.

This does not affect your Kroger Plus point card...you still accumulate points on it. (You will still need to have your Kroger Plus card scanned.)

Anyone (not just school employees) can purchase a Neighborhood Rewards reloadable gift card at the Administration Building. Cards can be loaded with any dollar amount at either the Service Desk at Kroger or BEFORE you start to check out your purchases. If you do this at the cash register you will have two transactions: One for the loading of the gift card and one for checking out your groceries.

Here's how it would work:

You load your Kroger Neighborhood Reward Card with \$150; you could spend \$100 in actual grocery products and \$50 in gift cards for other businesses.

Or you could spend \$50 grocery/\$50 gift cards/ and have \$50 left to spend at another time.

You can check your balance by calling the number on the back of the card.

When you purchase your card at the Administration Building for \$1, the card is already loaded with \$1 so you are getting back your dollar.

If you have any questions, please contact Susan Rinehart, 419.739.2903.
